

Dear Editor-in-Chief,

Generics : Journal of Research in Pharmacy

We are writing to submit our manuscript entitled “Evaluation of the Effect of Beyond Use Date Educational Videos on the Level of Knowledge of the RW 04 Community, Gedanganak Village, Ungaran Timur District, Semarang Regency” for consideration for publication as a review article in Generics : Journal of Research in Pharmacy. Beyond use date of medicines is still not a big concern for the public when they want to use medicines that they have opened the primary packaging for. Public knowledge of the shelf life of drugs is still low, there is a need for media that can increase public knowledge of this matter. This research has received an ethical letter from the Ngudi Waluyo University Research Ethics Commission number 339/KEP/EC/UNW/2024 on May 30 2024.

This manuscript describes novel work and is not under consideration for publication/published by any other journal. All author(s) have approved the manuscript and this submission.

The author(s) certify that there is no conflict of interest with any financial/research/academic organization, with regards to the content/research work discussed in the manuscript.

Thank you for receiving my/our manuscript and considering it for review.

Kindly contact us at the following address for any future correspondence.

Best Regards,

*Anita Kumala Hati
