FOCUS AND SCOPE

DIJB aims to be the media for publishing empirical issues related to business studies. DIJB invites manuscripts in the some topics including marketing management, finance management, operation management, human resource management, innovation management, knowledge management, organizational behaviour, organizational development, change management, international business, and Islamic business. DIJB's main objective is disseminating empirical issues in business studies to the broad audiences such as, but not exclusive to, academicians, graduate students, and business practitioners.

PEER REVIEW PROCESS

All manuscripts that have been submitted in DIJB will go through Initial Review processes by Editorial Board. Then, the articles will be sent to the peer reviewer and will go to a Double-Blind Peer Review Process. Reviews typically take approximately 2-12 months from the first submission to publication, depending on how long it takes authors to revise and where we are on the calendar with respect to the next issue. Peer reviewer that collaborate with DIJB (Diponegoro International Journal of Business) is the experts in business studies and issues around it. Please note that we will return articles that do not meet our focus and scope. We will also return submission that needs extensive English language editing, do not conform to submission guidelines regarding formatting, and demonstrate a lack of professionalism with respect to the quality of presentation—spelling, grammar, punctuation, etc.

OPEN ACCESS POLICY

Diponegoro International Journal of Business (DIJB) provides immediate full-text open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge. All articles published in Open Access will be immediately and permanently free for everyone to read and download. Articles are freely available to both subscribers and the wider public following Creative Commons Attribution-ShareAlike (CC BY-SA). We are continuously working with our author communities to select the best choice of license options: Creative Commons Attribution-ShareAlike (CC BY-SA). Although DIJB requires the author(s) to transfer the copyright of publishing to the publisher, author(s) still retain significant rights to use and share their own published articles. DIJB supports the need for authors to share, disseminate and maximize the impact of their research and these rights, in any databases. For more details, please read Copyright Notice.
